Texas Emergency Hospital is excited to be a state approved Vaccination Hub! Although we will be receiving a limited amount of the vaccine, once the allotted time slots have been filled, we will maintain a waiting list for future vaccine doses that we receive. We are working closely with the state to secure more vaccines, so we ask that you please be patient with us as we begin this process and work to end this horrible virus.

With the recent uptick of positive COVID-19 cases in our community, we continue to encourage everyone to wear a face covering, practice social distancing and proper hand hygiene.

Thank you for your continued support for Emergency Hospital Systems!
